

REMINDER (to be kept by the donor)

1. Cut out the Bitcoin paper wallet (left part) and fold it to create your gift.
2. After creating the paper wallet, you can put it in a HongBao (Bitcoin red envelope) and give it to the recipient.

Warning: Never share the private key with anyone. Only the recipient should have access to it.

SLIP INSIDE THE HONGBAO ENVELOPE

ABOUT BITCOIN

Bitcoin is digital money that works without banks or intermediaries.

Always keep your private key safe.
Never share it with anyone.

Discover bitcoin

Verify balance

HOW IT WORKS

This banknote contains keys to access your Bitcoin stored on the blockchain.

Public key (IBAN) is QRcode / address.
You can check balance or receive funds

Private key (Password) is used to move funds.

For better security, we recommend transferring to a hardware wallet (Passport Foundation, Trezor, or Ledger).
